

Energy savings with TissueFlex XD

VOITH

By replacing the competition felt with TissueFlex XD we were able to reduce the gas and electrical energy consumption of the hoods and achieve better moisture profiles.

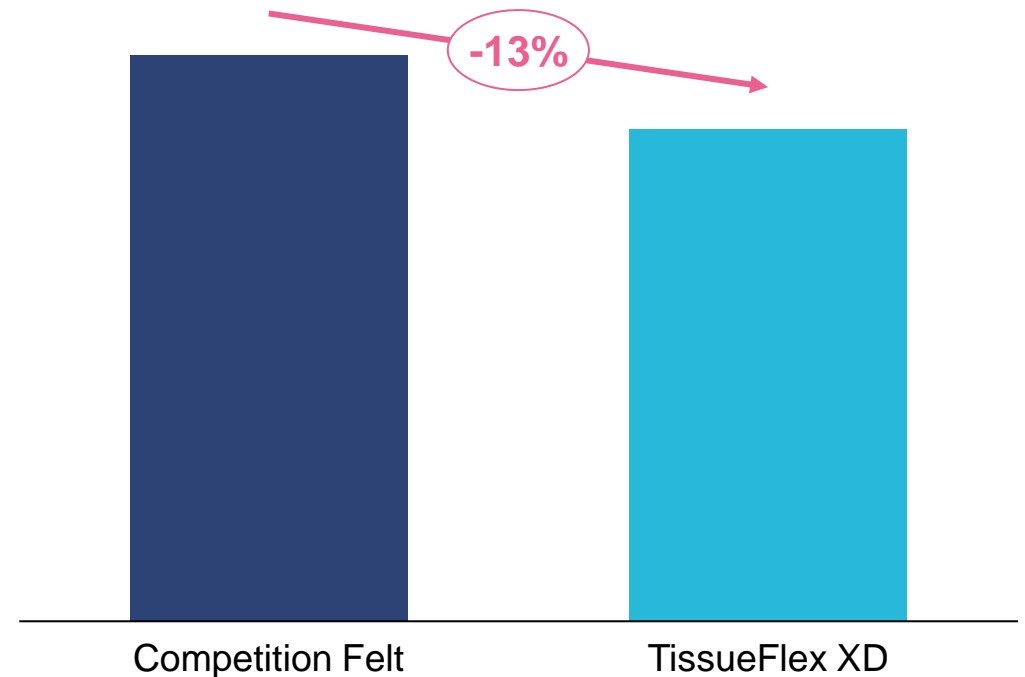

Project: Tissue Machine in Italy

Customer: Confidential

Paper grade: Tissue Kitchen towel & Toilet

Drying energy consumption (kWh/ton)

Energy savings with TissueFlex XD

By replacing the competition felt with TissueFlex XD we were able to increase the dryness after press by 1%, resulting in ~ 4% drying energy consumption.

Project: Tissue Machine in Spain
