

# Water savings with DuoDry CC

**VOITH**

Since the DuoDry CC concept does not apply water to prevent curl effect, 4 g water per m<sup>2</sup> paper will be not consumed, means with DuoDry CC concept Sun Paper saved 100% of water costs for curl control.

Project: Zoucheng PM 37, China

Customer: Sun Paper

Paper grade: Corrugating Medium, Testliner

## Comparison of water consumption to prevent curl
